	Document Title	Application Guide	Document Created	2025-01-07
	Application Name	Inventory-Manager	Last Updated	2025-01-07
	Software Version	1.1	Document Version	1.1
	Written By	Vlad Feldfix	Page 1 of 2	

1. VIEW INVENTORY

- 1.1. This application is designed to manage a small inventory using a console screen and 2 .csv files. (this version does not open Bartender to print a label)
- 1.2. Press 1 to create an .html file that displays the content of your inventory based on inventory.csv

2. ADD ITEM

- 2.1. Insert the barcode of the item (or any other unique key)
- 2.2. If the item is not in the item list (items.csv) the app will assist you to add it to the database (items.csv).
- 2.3. At the end of the item registration process, it will be added to the inventory (inventory.csv)
- 2.4. You will also be given a unique inventory index number. Mark that number on the item.

3. DELETE ITEM

- 3.1. Insert the unique inventory index number of the item you wish to delete.

4. SETTINGS

- 4.1. - N / A -

5. HELP

- 5.1. Open the help file
