## 1. VIEW INVENTORY

- 1.1. This application is designed to manage a small inventory using a console screen and 2 .csv files. (this version does not open Bartender to print a label)
- 1.2. Press 1 to create an .html file that displays the content of your inventory based on inventory.csv

## 2. ADD ITEM

- 2.1. Insert the barcode of the item (or any other unique key)
- 2.2. If the item is not in the item list (items.csv) the app will assist you to add it to the database (items.csv).
- 2.3. At the end of the item registration process, it will be added to the inventory (inventory.csv)
- 2.4. You will also be given a unique inventory index number. Mark that number on the item.

## 3. DELETE ITEM

- 3.1. Insert the unique inventory index number of the item you wish to delete.

## 4. SETTINGS

- 4.1. - N / A -

## 5. HELP
